

Technology Committee Agenda 9-20-18

1. Announcements

- a. Please sign in
- b. Welcome John Vance, KGES & PES
- c. Lenovo 300e Chromebooks

All the Chromebooks are in and have been delivered to the MS. We are waiting on wheels for the carts before we deliver to the HS. Staff Chromebooks are being stored at SBO. Once we decide on a distribution method those will go out to the professional staff only. 9/25/18 - Mr. Hopper got notice that Google will not support the use of a pencil as a stylist on the 300e's. This is very disappointing as this was one of the reasons for selecting this model for our purchase this year.

2. Discussion

- a. Device Agreement Form

The group agreed to remove some of the items in the document.

- b. Staff Device Reservation Form

ITL's will distribute the url to professional staff only. Once the data is received then chromebooks will be delivered to the school based on how many are needed. ITL's will have the staff fill out the Device Agreement Form when the Chromebook is issued to the staff member.

- c. Summary of Surveys (Kathy Carr)

Members were asked to read these on their own and comment if needed to the group.

3. Review of Draft Plan

4. Next Meeting Date - Tentative date will be October 4th
