

PROFESSIONAL STAFF ASSIGNMENTS AND TRANSFERS

Principals and other supervisory personnel may submit recommendations to the superintendent for the appointment, assignment, promotion, transfer and dismissal of all personnel assigned to their supervision.

Upon recommendation of the superintendent, the King George County School Board places all employees within the various schools and facilities located in the school division. The superintendent has the authority to assign employees to their respective positions within the school or facility wherein they have been placed by the School Board.

The superintendent may also reassign any ~~such~~ employee for that school year to any school or facility within the division, provided no change or reassignment during a school year will affect the salary of such employee for that school year. However, no one will be employed in or reassigned to a situation where a family member, as defined in Policy GCCB Employment of Family Members, is directly responsible for that employee's supervision.

Any employee seeking a transfer of assignment to another work location for the next school year must make a request in writing to the superintendent or the superintendent's designee, with copies to the current supervisor, not later than March 1. This type of request, if granted, will be considered a voluntary transfer. A change of assignment within an immediate work station is the responsibility of the immediate supervisor.
