

ADMISSION OF NONPUBLIC STUDENTS FOR PART-TIME ENROLLMENT

Generally

The King George County School Board acknowledges the provisions for equivalent instruction under Virginia law.

The parents of students attending private school or being home schooled pursuant to Va. Code § 22.1-254.1 who wish to enroll their students on a part-time basis in the King George County Schools for participation in academic and/or extracurricular/club activities shall, along with the students, comply with this policy.

Admission

The parents shall identify their children as private school or home school students who desire part-time enrollment in academic courses of study. Students admitted under this policy are designated as part-time students. At the time of applying for admission, students shall designate the academic course(s) in which they want to enroll and each extracurricular or club activity in which they wish to participate.

Enrollment

Students must enroll in at least one academic class (high school) or one instructional unit (elementary/middle school). Students may enroll in up to the amount of classes to equal half-time status or less. Students wishing to participate in an academic class must be qualified to do so and shall have completed all prerequisite course work or the equivalent required of full-time public school students wishing to enroll in the course. In addition, the student must satisfy the same criteria for participation in activities including any try-out or selection process required of full-time students. The part-time enrollment and continued enrollment of a student who enrolls in school per this policy is dependent on, but not limited to, the following factors: space/program availability, the need for hiring additional staff, the cost of any needed additional services, and the disciplinary record of the student. If part-time enrollment causes total enrollment in a class or grade level to exceed the maximum allowed by state or local policy (e.g. resulting in the need to employ another teacher) admission will be denied. The master schedule of a school shall not be altered solely to accommodate such part-time students.

Students admitted under this policy must meet all admission requirements to a public school, including immunizations, required of full-time students.

Students may not enroll after the first week of a course unless extenuating circumstances exist. The circumstances will be evaluated by the building principal and the determination of the principal is final.

Once enrolled, the student shall comply with behavioral, disciplinary, attendance and other rules applicable to all students, including rules governing the use of the division's computer systems. If a student fails to comply, the school may withhold credit and/or terminate the student's participation in addition to taking any disciplinary action that would be taken against a full-time student for similar conduct.

Activities

Students wishing to participate in a Virginia High School League (VHSL) governed extracurricular or club activity shall satisfy the same or equivalent criteria for such activities that full-time students must satisfy. Students admitted under this policy shall participate in any try-out or selection process required of full-time students.

Transportation

The parents of the children for whom part-time admission is sought are responsible for the transportation of the child to and from school, including any expenses incident thereto.

Academic Credit

Class ranking and grade-point-average are not computed for part-time students.

JROTC Membership for Homeschooled Students

Membership in Junior Reserve Officer Training (JROTC) units is open to homeschooled students as provided in Policy LBD Home Instruction.
